

**TRANSLATOR'S NOTE:**

The French phrase "solution de l'object de la present invention" has been translated as "subject of the present invention," in keeping with US, as opposed to French, patent language.

I hereby certify that the attached twelve pages are a true and accurate translation of the French-language patent application titled "Rotor Blade and Rotor for a Mechanical Trowel such as a Concrete Polisher" to the best of my knowledge and belief.

A handwritten signature in black ink, appearing to read "Trudy E. Peters". The signature is fluid and cursive, with the first name "Trudy" being more prominent.

Trudy E. Peters
